

Little Thrift Stamps and War Savings Stamps helped win the war. After all, patriotism isn't measured in millions nor thousands of dollars. It's doing for your country to your very utmost that makes a patriot of you. To you that utmost may seem rather small as compared with the large amount of Government securities purchased by your neighbor whose income may triple your own.

Your Thrift Stamps and War Savings Stamps did their part in the preparation for war and the victory won in just the same measure as men and cannon and guns. The bullet from a sniper's rifle and a Thrift Stamp are little things to consider, yet they went quite a long way toward beating the German army.

And Your War Savings Are Going to Finish the Job.

The war is over, yes. And just like any other great undertaking it took a lot of money to put it across. The noise of battle has ceased and the glamour of being about the heroic deeds will soon become history. But the bills are still coming in. War Savings are going to pay them.

The dead have paid to the utmost. It's up to the living to finish the job. In France and Germany today the survivors of Chateau Thierry, Argonne Forest, St. Mihiel, are marching on with no thought of letting down on the task they took up when this country went to war. For them the job is not finished until there is definite peace and the last American soldier comes home. Your job is not finished—you have to go on war-saving.

The United States Government still has work to do. Even now plans are in the making for bringing back the slain for burial in their native land. Disabled soldiers will be trained to "carry on" in the battle of life in spite of their disabilities, and the training will be financed by the Government without cost to the disabled. The Government feels duty bound to share the burden taken up by these men who made possible the security

of this country. The United States Government is going to finish the job with a steady stream of War Savings.

Your safety and happiness were bought at the price of thousands of lives.

But Have They Been Paid For?

Patriotism must pay the price. And patriotism is not something that can be laid away on a shelf and brought out and unfurled for some special ceremony. It doesn't mean cheering while the band plays the "Star Spangled Banner", and slipping out the back door while the collection is being taken. To be a sure-enough-honest-to-goodness patriot you have to stay until the program is finished. Keep on war-saving.

Now Is The Time To Show Your Patriotism

The Government has undertaken a big job and means to see it through. The American soldier is backing the undertaking to his utmost. You keep on "war-saving."

Go to the Bank, Post Office, Store, or wherever you buy W. S. S. and buy some more today. Come on, Patriots. Finish the job.

## A Coated Tongue? What it Means

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually signs that the liver is out of order. PROF. HEMMETER says: "The liver is an organ secondary in importance only to the heart."

We can manufacture poisons within our own bodies which are as deadly as a snake's venom.

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blockade in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should take a pleasant laxative. Such a one is made of May-apple, leaves of aloe, jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

STOCKTON, CALIF.—"For constipation, sick headache, an inactive liver, indigestion and biliousness there is nothing to equal Dr. Pierce's Pleasant Pellets. I have tried other things but like the 'Pellets' best of any."—Miss F. CAMPBELL, 222 S. Grant Street.

### RULER HAS ABSOLUTE SWAY

Mongol Monarch Is Also Official Head of a Religion, Though Little Known to the World.

The most absolute monarch in the world is the least known. He rules in Urga. It is the capital of Mongolia, and the potentate is at the same time the official head of a religion. He is, in fact, the Mongol pope.

Urga is to some extent a modern town, having many Chinese and Russian inhabitants; but the native portion of it bears no resemblance to anything that can be found anywhere else on earth. For this Mongol part of the city is movable and constantly changes its location and arrangement.

The Mongol houses are hemispherical huts of felt cloth extended over a light structure of latticework. They are readily collapsible, and can be put up or taken down at a few minutes' notice. Felt cloth being an excellent insulator, they afford a warm and weatherproof shelter during winters of extreme cold.

There are at Urga, however, a number of large monasteries. It is the holy city of the Mongols. The priests (called "lamas") are numbered by hundreds of thousands, and their "la-

maseries" are scattered all over the country.

The business of the lamas is to drive away the devils which, but for their pious activity, would soon destroy all the people. At intervals they give great outdoor exhibitions of a quasi-theatrical character, in which hundreds of lamas take part, dancing in grotesque masks and fantastic costumes to music furnished by drums, huge copper trumpets and flutes made from the thighbones of virgins—the last named horrible instruments emitting blood-curdling and mournful wails.

THE SIGHTING ROOSEVELTS

A personally authorized film version of the life and works of the great American. The life of Theodore Roosevelt was a strenuous one. Cowboy, rough rider, Legislator at 23, Police Commissioner of New York mayor, governor, assistant secretary of the Navy, Vice President and President—

the life of a fighting red, white and blue American. Beginning with his youth when the other boys called him "Four Eyes," down to today when the nation hangs its flags at half mast, the story of Colonel Roosevelt's life is a drama filled with big things, surging with emotions that make a nation great. It is the story of a made-in-America American, and his part in the events that have made American history. It moves with fighting action from the time "Teddy" went West and won his victory over "Bad Ike," a desperado, and gaining the admiration of fighting Westerners, led them to battle up San Juan Hill. The big things, the vital things that marked his career are pictured with realism in this remarkable Human document. "The Fighting Roosevelt" will be presented at the Lyceum Theatre, Tuesday and Wednesday, March 4th and 5th.

### ROSCOE "FATTY" ARBUCKLE IN "CAMPING OUT"

His latest picture—not a second run or a reissue. You know "Fatty" is such a delicate little thing. The more physical strain of existence is quite enough for him. And—pity him as a poor henpecked husband. Why did he want to add matrimonial suffering—and what's he going to do? Well—he went camping and left poor wifey and

happy home (?) behind. And that pretty little thing happened in camp—and what do you suppose would happen if friend "wifey" happened along too. And she does—but you just leave it to Fatty to get away with it—and he does—and that's what makes it so very funny. "Camping Out" with Fatty Arbuckle will be shown at the Lyceum Theatre, Saturday night, March 1st. Also showing Louisa M. Alcott's "Little Women." Come early if you want to get in.
